The (Vice) President's Corner

When's the last time you found something you weren't looking for?

Nothing immediately springs to mind?

Finding something we're not looking for really has to grab our attention; otherwise, we're moving right along to scratch whatever particular itch has our focus.

In this consumption-oriented culture we're constantly bombarded by sights, sounds, smells, tastes—and ideas—painstakingly designed to get our attention for the benefit of the purveyor. It would be difficult to survive this sometimes quite appealing sensory overload if we weren't really good at focusing on what we're after rather than focusing on what we're not after.

So, what's with all the philosophy?

As a coin collector, each of us tends to home in on this or that aspect of the hobby; but what we're about here at the MCCC is sharing and stimulating interests. Every monthly meeting presentation is an opportunity to find something—voilà!—that you weren't looking for that then sets you on a new numismatics path to follow.

At our January meeting, we're starting off a whole new year of “finding what we're not looking for” with Harold Fears, our learned and long-standing Newsletter Editor and Web Master, doing a presentation that doubtlessly offers the opportunity for everyone to find something they're not looking for, especially those of us who think our itch for US coins completely excludes foreign coins or that our itch for foreign coins completely excludes US coins.

The subject is “Foreign Coins with U.S. Mint Marks.” ☺

Richard Jozefiak's (LM-6087) Candidate's Statement for 2023 ANA Governor

What have I done for the ANA and the hobby? What experience do I have to be an ANA Governor? What do I want to do if I am elected to the Board of Governors? These are questions that I believe should be answered by all who run for the ANA Board.

I have served the ANA and the hobby for the past 30 years as a volunteer in the Club and District Representatives Program, and on a number of committees over the years. I served as a District Representative in Florida, Virginia, Alabama and Georgia. From 2015-2021, I was the National Coordinator/Outreach Programs Coordinator for the program.

During my tenure, I was appointed to this position by three ANA presidents. I accomplished the following:

1. Expanded the Club and District Representatives Program by recruiting new volunteers to provide coverage of the entire country,
2. Organized overseas international volunteer ambassadors to serve in the program,
3. Improved member outreach.

From 2019-2021, I was the chairperson of the Outreach Committee, and I have served on the Educational Committee and Planning Committee in past years. I have worked extensively with the ANA Executive Director and many staff members.

I have served and supported coin clubs at the local and state level. I have many years of non-profit experience volunteering on other boards. Being a retired government defense contractor senior engineer, I bring many years of program,

budget, finance, and management experience that I can use on the ANA Board.

As an ANA Governor, I want to accomplish the following:

1. Maintain a balanced budget,
2. Improve funding of the ANA,
3. Expand member outreach with the Club and District Representatives Program,
and
4. Expand online educational training and programs for members and the public.

Over the years I have received a number of major awards from the ANA and other organizations, including the Medal of Merit, two Presidential Awards, and the *Numismatic News* Numismatic Ambassador Award.

I ask for your vote to serve on the ANA Board in 2023!

Richard Jozefiak, LM-6087

Editor's Note: Richard was the founding member of the Madison County Coin Club and is currently running for ANA Governor. If you are a member of the ANA, please consider voting for him.

Some Scenes from our Last Meeting

Hey ANA Members

Please send to [Mike Campbell](#) your ANA membership number. This helps our local club with our ANA Club Membership.

Please bring a coin, medal, note, or something for Show-and-Tell.

Can You Identify This Coin?

In this section each month a new coin will be pictured, and your task is to see if you can identify it. Can you step up to this numismatic challenge every month? Email you answer to hkfears@gmail.com and we will publish the names of winners in our next newsletter.

Coins Minted by the U.S. for the Netherlands East Indies

During World War II the U.S. mints produced coins for the Dutch colony of the Netherlands East Indies. Over this four-year period, all three mints help produced over 1.7 BILLION coins including a half cent, cent, 2 ½ cents, 1/10 gulden, ¼ gulden, 1 gulden, and 2 ½ gulden coins. These coins were planned to be used after the end of the war. Unfortunately for the Dutch plans, after the Japanese occupation officially ended on August 15, 1945, two days later Sukarno, an Indonesian statesman, declared his country independent from the Netherlands. A four-year war followed and eventually Indonesian gain their independence.

The Netherland East Indies

As for as the coins go, the Dutch administration issued the coins in parts of the colony. Due to inflation, because the intrinsic value of the silver coins were more than the face values, many were melted or turn into trinkets. When independence came in late 1949, one can realize that the production of 1.7 billion coins were a waste of time and resources!

November Meeting Minutes

By Aaron Wales

Madison County Coin Club gathered for a potluck and auction.

Officers for 2023 were elected as follows:

- President: Doug Glandon
- Vice President: Wayne Koger
- Secretary: Aaron Wales
- Treasurer: Mike Campbell
- Member at Large: Kurt Springfield

There were three door prizes given amongst the people who attended.

Announcements: Richard Jozefiak is running for ANA governor in 2023. You must be an ANA member to vote. There was a sheet passed around to vote for him. In addition, there is a potential for a combined stamp and coin show in June 2023 at the Jaycee's building. This would take place on a Saturday and Sunday. Ann Fulmer, the club librarian, has cataloged the coin club books. Books can be checked-out for one month returning at the next meeting. If you would like to request a book, please contact Ann Fulmer and she can coordinate. The complete catalog is available at the club website: http://mccc.analubs.org/coin_books.htm

You can sign up to present a program for 2023 via a Sign-Up Genius sent by Harold Fears. There was also a sign-up sheet passed around. The link to the sign up is : <https://www.signupgenius.com/go/10c094fa4a729aafccf8-madison1>

There will be a few shows in the area for 2023. These include:

- Dalton, GA: TBD
- Chattanooga, TN: Mar 3-5, Nov 10-12
- Bessemer, AL: July 7-9, Bessemer Civic Center

We encourage attendees to bring a show and share item for our next meeting.

Last Month's Door Prize Winners

Each meeting the club gives away several door prizes. The winners of at our last meeting were:

First Prize:	Harold Fears:	2016 Silver Eagle
Second Prize:	Chad Thrasher:	Walking Liberty Half Dollar
Third Prize:	Mike Campbell	"The Battle of Gettysburg" set with 2010 \$1 coin and a 2011 Gettysburg Quarter

Inclement Weather Notice

If the Huntsville Public Libraries are closed due to inclement weather, there will be no club meeting. Local TV and radio stations will give notice of any Huntsville school closure.

"Numismatics, like some aspects of astronomy and natural history, remains a branch of learning in which the amateur can still do valuable work, and it is on the great collecting public, or rather on that part of which is interested in the subject at a scientific level, that the progress of numismatic science largely depends."

Philip Grierson - Professor of Numismatics, University of Cambridge
